## Incredible Years Limerick School Readiness Programme

Starting school is a big milestone for you and your child. You want your child to be well prepared for this next step. Children who are well prepared for school learn better and have fewer conduct problems.

Did you know that training children how to make friends and to manage their emotions is as important as knowing their ABCs. It is important not just now as the child prepares for school, but for the long term goal of doing well in school.

Incredible Years Limerick believes in giving your child the best possible chance of succeeding. To help you do that we would like to offer you the Incredible Years School Readiness Course.

This two hour weekly course is for parents of children about to start school. It runs for 4-6 weeks”.

### The course will support you to:

- Build your children's self-esteem and creativity through play.
- Encourage your child to make friends, to share and to take turns.
- Help your child learn to problem solve and keep their attention.
- Build your child's language and reading skills.
- Help your children develop imaginative and creative story telling.
- Help your children express themselves and their emotions.
