

Family Transition Resource Pack

Early Years Services to Primary School

August web text suggestions for schools

Week
1

Hello.
This is
(name of school).
To prepare for starting
school, now is the time
to start gathering your
child's uniform, school
bag, etc.

Involve them in this-
make it fun!

Week
2

To help your child
prepare for school,
tell them a nice story
about your own first
day.

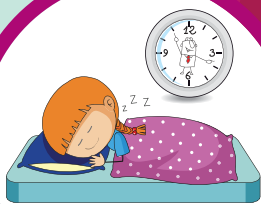

Walk or drive past
the school so your
child will get to
know the way.

Week
3

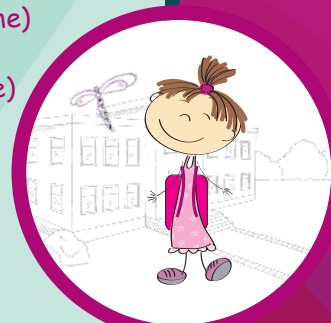

On these summer
evenings it's hard to go
to bed early.

Why not start getting
your child to bed a bit
earlier each night as
their first day of
school approaches?

Week
4

Looking forward to
seeing you and all the
new junior infants at
(school name)
on
(day & date)
in location
*(yard, hall,
classroom)*
at
(time)

This series of four suggested web texts has been put together as a support for parent(s) whose children are starting junior infants in September. It is suggested that they are loaded to your school's parent-texting system in June before school finishes up and scheduled for delivery weekly over August to the child's parent/guardian.
